Child Abuse is Everybody's Business!

The CARES Community Conference

Examining our Past, Creating our Future

Join us for a comprehensive look at the Adverse Childhood Experiences (ACE) Study which demonstrates the relationship between childhood trauma and negative consequences later in life. Engage in conversation with community leaders on strategies to impact child abuse and neglect. Learn from professional experts through a variety of workshops. Meet with community agencies providing child-related resources. Be inspired by keynote speakers to implement change and bring hope to survivors.

April is Child Abuse Prevention and Sexual Assault Awareness Month
